

## Assignment for Friday, January 20

### Before class

1. Preview notes on Questions. By “preview”, I mean that it is not necessary to read these notes carefully, because I’ll discuss them in a lecture format. However, I want you have have some idea of where we are headed. The link, as usual, is in the schedule on the course webpage. If this link (or any other) seems to be missing or failing, then just let me know. It’s usually an oversight on my part.
2. Begin to read *Foundation* with an eye toward the discussion questions posted on the course webpage. Part 1 should be completed by January 23 and the book will be covered on Exam 1 on February 22.
